

## ***ENVIRONMENTAL POLICY***

*D.J. Ruskin Machining and Maintenance* is committed to the principle of sustainable development and is working to ensure that, through our activities, we protect the environment for the community, by preventing our operations from adverse ecological affects.

### **D.J. Ruskin Machining and Maintenance:**

- Require every employee to comply with all relevant environmental laws, regulations and standards.
- Identify and manage the environment risks within our operations and apply best practice principles to the prevention of pollution.
- Implement processes to ensure the efficient use of energy and resources as well as best practice in waste minimisation and recycling.
- Implement management systems to measure and monitor our performance.
- Inform and train our employees and contractors on ways to prevent pollution, minimise waste, utilise recycling procedures and undertake emergency response.
- Strictly follow environmental policies of other companies while we are carrying out site work.
