

TARGETING ZERO HARM

Ruskin
MACHINING &
MAINTENANCE

QUALITY POLICY

D.J. Ruskin Machining and Maintenance is dedicated to providing our clients with on time, cost effective repairs and maintenance.

We will endeavour to ensure all items we manufacture comply to relevant engineering standards and have been passed by our internal quality assurance checks prior to delivery to the customer.

All on site work will be appropriately supervised and meet any and all Inspection Test Plan requirements ensuring all work is performed to or above the required standard.
